Recovering the Dead.

Thirty-One Bodies Taken from Lake Pepin.

NINE PEOPLE STILL MISSING.

Latest Estimates Place the Loss of Life at One Hundred and Fifteen—Captain Wethern Locked Up to Be Protected from the Enraged People.

LAKE CITY, Minn., July 17.—The close watch of the men who have been on duty since Monday in the hope that some of the bodies of the victims of the recent disaster would come to the surface was rewarded yesterday by the finding of a total of thirty-one bodies. The gashes which usually form in the human body after lying about forty-eight hours in the water were sufficient to give them the necessary buoyancy to bring them to the surface, and all day long the number of remains discovered has been increased almost hourly.

Bodies have been coming to the surface in the near vicinity of the wreck almost too fast for them to be properly cared for. Twenty-four had been found floating on the surface of the lake by noon, and during the afternoon seven more men were found. The bodies were placed in boxes and packed in ice as fast as they could be taken to Central Point. At noon the twenty-four secured were taken to Red Wing, and as soon as the steamer could return the remaining seven were sent up to that place. It is stated that twenty-six of the thirty-one found have now been identified.

The list of their names are obtainable only in Red Wing. Two of the bodies were found to be those of parties whose names were not among the list of missing ones. A dispatch from Red Wing says that there are still nine people missing from that city. Others are still missing from Diamond Bluff and Trenton, Wis.

Nearly all of the watches found on bodies recovered stopped at an average time of 8:35 p. m. on Sunday night, so that it is thought that the wreck occurred about 8:30 p. m.

Eight members of the First regiment N. G. S. M. are detailed for all night duty in the vicinity of the wreck. The estimate made of 115 lives lost by the disaster will probably be verified.

Victims at Lake Gervais.
MINNEAPOLIS, Minn., July 17.—A searcher found the three missing bodies of the victims of the Lake Gervais cyclone yesterday. They were close together in a marshy portion of the lake, 200 feet from shore. The bodies of Charles Schuremeier and Rev. M. Pfuefle were considerably mutilated, but that of Mrs. J. H. Schuremeier was not disfigured.

Captain Wethern Arrested.
CHICAGO, July 17.—A special from Red Wing, Minn., says that Capt. Wethern, of the ill-fated Sea Wing is under arrest, having been arrested last night at the instance of his friends, who considered him to be in danger of his life from the friends of the victims of the Lake Pepin disaster. He is said to be in jail at Ellsworth, Wis., just across the river from Red Wing.

Opinion of Wethern in Minneapolis.
MINNEAPOLIS, Minn., July 17.—The more prudent now seem to think that even if there was carelessness on the part of Capt. Wethern he is sufficiently punished by the death of his wife and child. Warren Sparks, Hugh Herder and several others, who were rescued from the wreck, said: "We fully exonerate Capt. Wethern from all blame in the lake disaster from which we were saved."

THE "AMERICAN PATHFINDER."

Funeral Services Over the Remains of the Late John C. Fremont.

New York, July 17.—The funeral services of the late Gen. John C. Fremont, the "American Pathfinder," occurred yesterday at 10 o'clock at St. Ignatius church, on West Fortieth street. Long before that hour the body of the edifice was filled with the friends of the dead general. Men, prominent in both civil and military circles from all parts of the United States, were present.

At about 8 o'clock in the morning the body was taken from the house on West Twenty-fifth street, and carried to the church, where it was placed on pedestals directly at the entrance of the central aisle. The lid of the casket, which was covered with black cloth, the handles being of silver, was removed so that those who wished might view the features of the dead.

An American flag was draped on the casket, and large bunch of roses, and another of immortelles was placed on it. Around the casket were piled floral offerings in profusion and variety.

At 9 o'clock the church doors were thrown open and the people began to pass around the casket. At half past 9 Gen. Sherman came in and stood for some minutes gazing at the face of his old comrade. He was the observed of all observers.

Representatives of the various organizations of which Gen. Fremont was a member, followed close after Gen. Sherman. Hon. Richard C. McCormick, ex-governor of Arizona was present in place of Admiral Braine, and occupied the admiral's place among the pallbearers. The California Pioneers society was represented by ex-mayor of San Francisco, David S. Turner, John M. Coughlin, Thomas White, D. A. Edgar and others.

Promptly at 10 the organist began to play a dirge, and the casket was carried up the aisle and placed in front of the altar. It was preceded by the choir boys, followed by the pallbearers led by

Gen. Sherman and Gen. O. O. Howard. Following the pallbearers came the casket, and immediately behind walked the family and relatives of the deceased. The Rev. Dr. Arthur Ritchie, the pastor, conducted the services, assisted by Rev. Henry V. Gorgas, the assistant rector.

The services were of the most simple character and were in conformity with the Episcopal ritual. At the conclusion of the services the immediate relatives entered carriages and followed the remains to Trinity cemetery at One Hundred and Fifty-fifth street and Tenth avenue where they were deposited in the vault until such a time as a final resting place is selected.

Fremont's Old Flag.

Boston, July 17.—The Bear flag that Gen. Fremont first hoisted over conquered Monterey in 1847 is flying at half mast from the headquarters of the Associated Pioneers of 49, and will so remain until the Pathfinder's body is committed to the dust.

THE FIRE RECORD.

Rockland, Mass., Visited by a Hundred Thousand Dollar Blaze—Other Losses.

ROCKLAND, Mass., July 17.—A serious fire started in the Congregational church here yesterday afternoon, and spread rapidly to adjoining buildings. Assistance was sent for from Abington, Braintree, South Weymouth and Whitman. The fire caught from a gasoline lamp in the church and before it could be controlled burned a large school house in the rear of Poole's factory, occupied by H. P. Smith as a stocking factory; J. Harper's laundry, H. S. Montfort's carpenter shop, and C. L. P. Rice's store was also destroyed.

It spread rapidly to the police station, which it destroyed. The flames, then caught on F. D. Lantier's hardware store and residence, the Underwood block, M. A. Darling's residence and jewelry store, and the factory of A. Townsend, on Church street, which was also burned. The fire was gotten under control at 5 o'clock. The loss will reach \$100,000.

Tug Boat on Fire.

CHICAGO, July 17.—The tug, Mollie Spencer, of Port Huron, caught fire about three miles from shore off Sixtieth street yesterday afternoon. The crew, fearing the vessel might be burned, deserted her, but soon put back to their craft, the fire having died down as suddenly as it broke out. The scow was taken in tow by a tug and brought into the Chicago harbor. The fire was caused by an explosion of some kind. The damage will not exceed \$1,000.

Elevator Destroyed.

SLATER, Mo., July 17.—A large elevator at Gilliam, three miles east of here, was burned yesterday, containing about 10,000 bushels of wheat. Loss, \$20,000; no insurance.

AN INDIAN ON THE WAR PATH.

A Convict Seizes an Ax and Seals Several of the Prisoners.

COLUMBUS, O., July 17.—James Larney, an Indian, serving a ten years' sentence in the Ohio penitentiary for manslaughter, committed in Indian Territory, created a scene in the penitentiary by trying to scalp several of his fellow-prisoners. He entered the idle house with a hand ax, which he had stolen from one of the shops, and used the ax on several of the prisoners with terrible effect. The men in the idle house were sitting about reading, and the action of the Indian threw them into a panic. Immediately they went tumbling out of the door and windows.

Larney began to tomahawk the fleeing men. He split open the head of Jacob Gross, a colored prisoner, who will probably die; cut on the head Ted Cunningham, broke the shoulder of Charles Greaves and cut into the top of Michael O'Hara's head. The deputy warden hearing the Indian yells rushed in, and with the aid of other prisoners disarmed the assailant, tied his feet and locked him in a cell. The murderous Indian is thought to be insane.

Deputy Warden Porter hearing the yells of the Indians entered the yard and took steps to quell the excitement. Larney was found in the hall leading to his cell, and was forced to enter it at the point of a revolver. The deputy closed the door and then secured a line of fire hose, which was passed through a window. The Indian refused to give up the ax water was turned on and the aborigine given a very heavy ducking. The ax was finally taken away and Larney sent to the insane department.

Advance in Binding Twine.

MINNEAPOLIS, Minn., July 17.—The burning of 525 tons of binding twine here yesterday will cause a sharp advance. The amount burned represents about seven-eighths of the entire amount in the twin cities, and prices will go up from one-half to four and five cents a pound. This raise will affect the entire country.

MARYSVILLE, Cal., July 17.—The Belding soap works were burned yesterday. The remains of George Ball, the manager of the works, were found in the ruins. His head bore marks of having been struck by some heavy weapon, and it is thought he was murdered by thieves who robbed the safe and then set fire to the building.

Drowned While Bathing.

Boston, July 17.—Thomas Murphy and John Philpot, aged 7 and 10 years, were drowned in the Charles river at Nonantum village, Newton, yesterday, while bathing.

Congressman Renominated.

GLENCOE, Minn., July 17.—The Republicans of the Third Minnesota district renominated D. S. Hall for congress by acclamation yesterday afternoon.

Died of Hydrophobia.

LOWELL, Mass., July 17.—William Johnson, aged 16, who was bitten by a dog three months ago, died of hydrophobia today.

Ruin and Devastation

At King's Station, on the Little Miami Railroad.

THE RESULT OF THE EXPLOSION.

Ten People Dead and a Number Seriously Injured. Some of Whom May Die—Further Particulars of the Accident, and Details as to How It Occurred.

CINCINNATI, July 17.—Details of the terrible powder explosion at King's Station, on the Little Miami railroad, twenty-seven miles from this city, reveal the fact that the disaster was much greater than at first reported.

The cause of the horror was the explosion of 1,600 kegs of powder loaded in freight cars on a side track. The powder was ignited by the coming together of two freight cars, one loaded with nitrate of soda and the other with gunpowder. The West End freight between this city and Morrow was side-tracking some cars, and made a flying switch in doing so. The released cars, on which was William Farney, a brakeman, came against the powder cars with a thump, and what happened next defies description. It is supposed the brake was refused to work, but it will never be known, as Farney's body is scattered over a radius of half a mile.

The report was heard for ten miles around, and those of the inhabitants of King's mills who escaped bodily injury were for a while too badly stunned to act.

The three cars exploded one after the other, while the Peters Cartridge company's works immediately burst into flames at every corner and window. The screams of the female employees as they fought to get out mingled with the volleys of exploding cartridges, and a constant danger from flying bullets menaced those engaged in rescuing the unfortunates.

The wreck was not confined to the cars, for when the smoke was cleared away the entire neighborhood was a scene of wreckage, not a house remaining standing within hundreds of yards of the tracks. Fortunately the cartridge factory held together until its employees had escaped more or less scorched.

The flames, which started in a dozen different places immediately after the explosion, spread rapidly and destroyed a number of the dwellings which had escaped the explosion. Four acres of burning buildings and debris burned late into the night, and threatened to spread still further.

The list of those known to be killed are as follows:

Samuel Stevenson, worker in ware house, King's Mills.

Henry J. Reynolds, teamster, lived at King's Mills, aged 47.

Mrs. Fred Keller, King's Mills.

Alfred Williams, worker in cartridge factory, King's Mills.

William Franey, brakeman, Spring Valley.

Mrs. James Moss, King's Mills.

Mrs. Moss' little girl, aged 3 years.

Mrs. Fred Keller's son, aged 4.

Mrs. Collins and child.

Unknown ragman.

The list of injured are:

Lodie Behr, Charles Collins, Mrs. John Schneider, John Maag, Mrs. Ben. Dowdell, Mrs. E. E. Lightheiser, Miss Sweigert, Miss Moss, James Deacon, Mrs. J. Flynn, Charles Thompson, Allie Thompson, Joshua Collett.

SETTLED WITH A SHOT.

An Indiana Farmer Fatally Shoots Himself in the Presence of His Family.

HUNTINGTON, Ind., July 17.—Jonas Baker, a farmer worth \$50,000, living north of this city, shot himself early Tuesday morning. He had been to this city the day before, and went home drunk, and raised a row with his family.

He drove them from home, then went to the barn and slept all night; coming to the house for breakfast, he and his wife had some words, in which she said she intended to move back to town, as he had promised her he would not drink any more if she married him.

He arose from the table saying: "I will settle this," and, picking up his revolver, a 32-caliber British bull-dog pattern, stepped to the porch, and in the presence of his family and his son-in-law, David Shoemaker, placed the revolver to his right temple and fired, the bullet penetrating his brain. He lingered until 9:30 a. m., when he died.

Long Ride on Horseback.

MUNCIE, Ind., July 17.—Yesterday word was received from Irvin Allen, who left here June 16, for the home of his parents at Bridgeton, N. J., on horseback, that he expects to arrive there this evening, making the entire distance in twenty-seven days and eight hours. Many persons wagered that Allen would not make the trip, a distance of 702 miles, in thirty days. The young man is a glazier in this city.

Nothing to Live For.

DESVER, Col., July 17.—Mabel Adams, who came here some time ago from Eden, Vt., and married William H. Cline, was soon afterward deserted by him. The desertion broke the poor girl's heart, and on Monday she ended her life by swallowing a dose of morphine. She left a note saying that she had nothing to live for, and wishing her recreant husband a long and happy life.

COLUMBUS, O., July 17.—Governor Campbell, at noon Thursday, respited "Brooklyn" Smith, who was to hang Thursday night for the murder of Bridget Byron in Cincinnati, last August. The execution is deferred to Aug. 29 in order to give the supreme court a chance to pass on a motion to file a petition in error.

EFFECTS OF A STORM.

Washouts Cause Delay of Trains at Several Places.

PITTSBURGH, July 17.—Several serious washouts occurred on the Wheeling division of the Baltimore and Ohio railroad about 11 o'clock Tuesday night. The most serious damage occurred between Whitehall and Eastonville stations, a distance of ten miles. In this distance are washouts at intervals of about one-half mile. Several bridges are swept away; that over Peters' creek, about one hundred yards long, is a total wreck. The damage will amount to thousands of dollars. Traffic over the division will be suspended for several days.

A report has reached the city that the McKeesport and Belleveron railroad has suffered damage of over \$100,000 from washouts. It is said that about four miles of track and bridges have been swept away by the heavy rain storm.

Lightning's Deadly Work.

SCOTTDALE, Pa., July 17.—Considerable damage to property and a number of accidents are reported caused by Tuesday night's heavy storm. A house in which five men were sheltered was struck by lightning. Andrew Cline was instantly killed. Two of the others were fatally shocked. The building was splintered. A farmer named Brown was struck by lightning and badly hurt.

At Bellevue, Miss Addie Reno was struck by lightning and now lies at the point of death. A number of barns and houses were struck and were either burned or badly damaged.

Monon and Lake Erie Collision.

FRANKFORD, Ind., July 17.—An expensive wreck occurred in the yards here yesterday afternoon by the collision of the Monon Chicago express and a Lake Erie freight train. The Monon train had made its usual stop above the crossing, and Engineer Kline, thinking the track clear, started ahead, when the freight train started across in front. In the crash that followed the passengers were considerably shaken up, but none seriously injured. The engine and three cars were badly wrecked.

Why He Attempted Suicide.

NEW YORK, July 17.—A special to The Herald says that a wealthy citizen of Beverly who recently attempted suicide in the Jersey City depot, is now accused of being a defaulter. He has held trust funds for the Weyman estate, of which \$17,000 is not yet accounted for, and has also had charge of funds of other estates. An investigation is being made.

Millionaires Surprised.

NEW YORK, July 17.—A special from Chicago to The Herald says that hasleked out that Mr. Depew and the Vanderbilts have lost the Union Stock Yards company, and that the control of the great yards, valued at \$22,000,000, has passed to the Pennsylvania railroad syndicate. The news of the deal has created a sensation among Chicago millionaires.

Evidence of a Foul Murder.

ST. LOUIS, July 17.—Sunday the right hand and part of a lady's arm was found in some drift wood at the foot of Convent street, in this city. Yesterday the left member was found five miles down the river. It is quite evident that a murder had been committed, though no clew exists. The police authorities have the matter in charge.

Defying the Government.

PARIS, Tex., July 17.—The proprietors of the Choctaw orphan asylum lottery intend to hold a drawing soon. They claim that the United States has no right to interfere. Nevertheless, lotteries in the Indian territory were prohibited by act of congress approved May 2, 1890, and the scheme will doubtless be balked.

Trouble Ahead.

NEW YORK, July 17.—The cloak cutters held a mass meeting last night and endorsed the action of their delegates in signing the agreement with the manufacturers. There are indications of trouble ahead for the cloak makers, as they will not affiliate with the men who occupy their places while they were out on strike.

Condemned to Death.

FORT WAYNE, Ind., July 17.—John Lenoer, for many years yard conductor in the employ of the Pennsylvania company, was caught between cars yesterday morning and dragged under them on the ties, and so badly injured that he died yesterday evening.

Went to Sleep in a Dangerous Place.

WABASH, Ind., July 17.—George H. Cook, brakeman on a Chicago and Atlantic train, side-tracked at Servia, this county, went to sleep beside the track, last night, and was struck on the head by the steps of an express train and instantly killed.

Bishop Whipple's Wife Dead.

MINNEAPOLIS, Minn., July 17.—A Faribault, Minn., special to The Journal says that Mrs. Cornelia Whipple, wife of Bishop Whipple, died yesterday, as a result of a railroad accident last November.

Pomeroy, O., strikes Gas.

POMEROY, O., July 17.—Three miles back of town Wednesday morning gas was struck at a depth of 400 feet. The pressure was so strong that the tools were blown out of the well; oil, rock and dirt being blown high in the air.

Two People Drowned.

DENVER, July 17.—J. S. Jacobsen and Mrs. John Huddart, who were drowned last night in Berkeley lake by overturning of their boat. Mr. Jacobsen was the business partner of Mr. Huddart, who is now in Salt Lake City.

Killed By Runaway Cars.

WILKESBARRE, Pa., July 17.—Runaway cars at the slope of Waddell's colliery in Luzerne borough yesterday, struck and killed John McCouten, and fatally injured Anthony Boyle.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

THURSDAY, JULY 17, 1890

THE Greenup Republicans have nominated Hon. W. J. Worthington for County Judge. W. J. A. Rardin, of the Greenup Gazette, is the nominee for County Attorney.

THERE is a triangular fight for County Judge in Bath County, between the Democrats, Republicans and the Farmers' Alliance. Hon. D. Young, Hon. W. S. Gudgeon and Elder T. W. Crouch are the nominees.

THE campaign now in progress is unusually quiet, but that is no excuse for any Democrat to remain away from the polls the first Monday in August. Let every one turn out and help win a victory that all will be proud of.

THE Republicans of Pulaski County have actually nominated an ex-Confederate—one of John Morgan's men—for delegate to the Constitutional convention. They will now have to stop talking about the Democrats nominating Longmoor.

AN adjourned meeting of the City Council will be held to night, to dispose of the new charter. There are excellent reasons why it should not be adopted, and the members of council don't have to be told now what these reasons are. The objectionable features were pointed out months ago, when the matter was first brought up for consideration.

WHEN Hon. Thos. H. Corbett, Register of the Land Office, made his semi-annual settlement with the Auditor at Frankfort, recently he paid over to the State \$3,412.61. Since Mr. Corbett entered the Land Office, September 5, 1887, he has collected and paid to the State \$12,397.57 fees, besides putting the important records of the office into excellent shape.

EVEN BOB INGERSOLL is becoming a tariff reformer. In a recent interview he said: "I believe in protecting what are called the infant industries, but after these 'infants' get to be six feet high and wear No. 12 boots it is about time to stop rocking the cradle, especially when the 'infant' tells you that if you stop rocking he will get out of the cradle and kick your head off."

JAILER DANIEL S. TALBOTT, of Nicholas County, is charged with gross neglect of duty, in allowing prisoners to carry the keys of the jail and roam the streets at will. He is the Democratic nominee for re-election, and declares he will run the race through. But the people are highly incensed over his doings, and a Democratic mass meeting will be held Saturday to take some action in the matter. If he is guilty as charged, he has no business on a Democratic ticket.

MR. JAMES G. BLAINE, President Harrison's Secretary of State, is lamenting that "our foreign market for breadstuffs grows narrow." The Plumed Knight seems to be getting his eyes open at last. A year or so ago he and the rest of the Republican leaders were vehemently asserting that the "home market" was good enough for the farmers of this country and that the foreign markets had nothing to do with the case. They are beginning to pipe a different tune now.

EX-REPRESENTATIVE FARWELL, a staunch Iowa Republican, speaks out boldly, and declares that "the doctrine of protection in many ways has done its perfect work, it has fulfilled the conditions for which the policy was created, and to add to the high duties levied during the war an additional per cent. in these times of close competition and low wages is only giving the manufacturers opportunities to oppress the people by forming monopolies and trusts."

Who says the cause of tariff reform is not gaining new recruits every day? Mr. Farwell is not the only prominent Republican who has been converted to the Democratic view of this great question.

THE Frankfort Capital rises to remark: "While Judge Tinsley was racing through the State the other day trying to persuade Union Democrats to vote for him because Wood Longmoor was a Confederate soldier, a Democratic convention at Lexington was nominating for Judge of the Superior Court V. B. Young, one of the firmest and most consistent Union Democrats in the State. His defeated opponent was L. W. Robertson, of Mason, who, though but fifteen years old, was so rampant a rebel that he ran away from home to join the Confederate army, was captured by the Federals and only released when his father gave bond for him, agreeing to spank him and keep him at home during the continuance of hostilities."

THE Frank Owens Hardware Company wish the people to know they can get wire screen doors and spring hinges, wire cloth (all widths), fly traps and rat traps at their hardware house.

More of Reed, Quay & Co.'s Rascally Schemes.

A significant dispatch comes over the wires from Washington City. It refers to another of Reed, Quay & Co.'s rascally schemes to perpetuate Republican rule. We hope the writer of the dispatch knows what he is talking about when he says the Republicans are blocked in their game. The dispatch says: "Some of the Republicans are proclaiming that the result of the Eleventh Census will show that the South has lost in population, and that the North has gained; that under the next apportionment to be made, the South will have fifteen decrease in the number of Congressmen and electoral votes and the North will show about as much increase as the South will lose. This is simply bald-face audacity, and goes far toward substantiating the charges made by Governor Hill recently in his Indianapolis speech, that this census is being 'cooked' up in advance to increase the political power of the Republicans. Every one familiar with the development of the country knows that if the census has been honestly taken, the South ought to show a handsome increase in nearly every State in that section. There is a strong pressure being exerted to have Congress at the present session make the new apportionment; but this can hardly be done. Besides, Congress only says how many Congressmen a State is entitled to, and the Legislatures have to map out the districts, and when a State loses or gains one or more members, things would be pretty badly complicated. It is doubtful, therefore, if the new apportionment can even be made at next winter's session. The Republican leaders would like to fix the apportionment before the next Congressional election; but they can't do it. They are blocked."

Kentucky Cities and the Census.

The approximate figures given out by the Census Supervisors as to the population of Kentucky cities has caused a general kick. The Courier-Journal says: "Paducah is credited with 14,000 people, although the press of that city claims two or three thousand additional. Lexington is only partially pleased with 26,000. Owensboro with 9,500 and Henderson with 9,000 are trying now to beat each other counting in the suburbs. Cynthiana has 3,055, an increase of 1,600 over 1880, a record which will surprise some people who have thought that a town named after two young ladies couldn't be very fast in growth or anything else. Mayfield is dissatisfied with the 3,000 counted out to it, and its papers blandly claim another 2,000 in the suburbs. Danville has 4,500, including suburbs; Paris, 2,000; Mt. Sterling, 3,500; Winchester, 3,500, and Georgetown, 3,100. Winchester dislikes to accept these figures as final.

"Fulton presents a peculiar case, and if the facts have been correctly reported it is a marked instance of the inaccuracy of the census. In 1880 Fulton was credited with 2,400 people, and its population has been regularly published at that figure. But the present census gives it only 1,816, which is only 3,184 under the 5,000 which they expected.

"Bowling Green is making the best of 7,689 people, though sadly disappointed. Versailles is mad because it has only 2,600 people. It had 2,500 by the 1880 census. Frankfort shows up with 8,200, which it swells to 9,100 by counting the convicts."

A Splendid Testimonial.

Captain Thomas G. Poore, the present Clerk of the Court of Appeals, in speaking about Captain W. W. Longmoor, who is to be his successor, said: "No Democrat can find good or sufficient excuse for not voting for Wood Longmoor. I was defeated in the convention that nominated him, but as a Democrat and honest man, I can see no reason for dissatisfaction over his nomination. He is not only a perfect gentleman, genial, polite and trustworthy in every particular, but is a court clerk whose record is second to none in the State. I've been at the head of the office of the Clerk of the Court of Appeals for eight years, and there is no better place in which to compare the work of the various Circuit Clerks in the State, and I tell you truly that Longmoor's records furnished in the appeals from his court are of themselves a splendid testimonial of his qualification and efficiency as a clerk. I am not interested in making these statements further than to do justice to a worthy gentleman and the cause of my party, which made him its standard bearer."

The Per Capita for 1890-91.

County Superintendent Galbraith has received notice from Professor Joseph Deeba Pickett, State Superintendent of Public Instruction, that the per capita allowance of the public school fund for the school year of 1890-91 will be \$2.25 for both white and colored pupils. This is a handsome increase over last year's figures, the per capita for 1889-90 being \$2.15. A few years ago it was only \$1.65. There has been a steady increase in the allowance during the efficient administration of Professor Pickett.

Glenn Springs.

The grand opening ball and banquet of Glenn Springs will be given on Friday evening next. This resort meets the popular favor of many of our society people, and arrangements will be made to receive at least two hundred guests. The ball room is very large and of exquisite design, without doubt the finest at any resort west of famous White Sulphur. In abundance and variety of waters, Glenn Springs surpasses all. The rates are \$10, \$12 and \$14 per week. Carriages meet all C. and O. trains and convey Glenn guests to the Springs without charge.

At least twenty couples will attend the banquet from this city. Since last season nearly \$100,000 has been added to Glenn Springs in improvements.

COAL! COAL! Before storing your winter's supply of fuel, call and see Gable Bros. They are selling the best grades the markets afford and it is free from all dirt and slack. Office north-east corner Second and Short streets. Call and see them.

OUR NEIGHBORS.

GERMANTOWN.

Friday evening, about nine o'clock, of our best young people assembled in the beautiful yard of Mrs. B. F. Pollock to attend a fete given by the hostess' charming daughter, Miss Daisy. The following young people were present: Misses Ida Eriou, Florence Pollock, Mary Walton, Maud Dickson, Lee Galbraith, Lizzie Patterson, Misses Mary Myall, of Mayslick, and Mattie Power, of Maysville. The young gentlemen were: John Williams, Will Cooper, Julian Eriou, C. Dimmitt, Frenno Stowell, Slim Walton, Walter Pollock, Isaac Mannen, Horace Pollock, Turvey Mannen. After two or three hours spent in various lawn games, the crowd was invited to an elegant supper, followed by some elegant music by Mrs. Sue D. Pollock. Miss Effie Galbraith, Albert McDougle and P. E. Rigdon. Taken altogether it was an enjoyable occasion, one long to be remembered.

Saturday night, Miss Lena Williams and brother, John, entertained quite a number of their friends with an elegant supper, given in honor of Misses Josie Smith, of Millersburg, and Mary Myall, of Mayslick. The following is a list of those who were present: Misses Josie Smith, Mattie Power, Fannie Florer, Mary Myall, Daisy Pollock, Lizzie Patterson and Vinnie Wright, with the following young gentlemen: Current Dimmitt, Will Cooper, Horace Pollock and John Williams.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figa, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

MR. SAMUEL POLLITT, of the Burtonville bus, is now carrying passengers direct from this city to Esculapia Springs, daily. The bus leaves Maysville at 2 p. m., and the conveyance arrives at the Springs at 7 p. m. Leaves Esculapia for Maysville at 5 a. m. Fare only \$1.50 each way.

A LAZY Iowa editor wails forth the following: "The lark came up to meet the sun and carol forth its lay, the farmer's son took down his gun and at him blazed away. The busy bee arose at five and hummed the meadows o'er, the farmer's wife went for his hive and robbed him of his store. The little ant rose early, too, his labors to begin; the greedy sparrow that way flew and took his auntship in. O, birds and ants and bees be wise, in proverbs take no stock; like me, refuse to rise till half-past 8 o'clock."

MR. DAN. F. SHEFTALL was fined \$100 yesterday by Judge Coons for peddling without license. He and his brother C. Sheftall arrived a few days since and were introducing a patent gas burner that is said to effect a saving of 40 or 50 per cent. They claim they were ready to comply with the law, but were misinformed in the matter. It is learned they were in custody, however, before they applied to the authorities to learn whether a license was necessary. Mr. T. J. Curley has secured the agency for the burner in this city.

Sheftall escaped from Constable Redmond this morning about 10 o'clock, and is not to be found. He was in the officer's custody, looking for security for the fine. At the St. Charles Hotel he excused himself on a plea of wanting to go to the water-closet.

After waiting several minutes Mr. Redmond went to look for the prisoner, but the fellow had disappeared.

Nuptial Knots.

Judge Coons reports a boom in the matrimonial business, notwithstanding the hot weather. He has married three couples this week. He tied the nuptial knot for two of them yesterday at the County Clerk's office. Miss Lydia M. Stewart, of Mayslick, was wedded to Mr. J. T. Rose, a farmer of Fayette County. The other couple hailed from the "State of Lewis" and registered as Miss Emma B. Applegate and Mr. Harry D. McElroy. In addition, license was granted to Mr. Alfred Tomlin and Miss Mollie Cole, both of this county, who will be married to-day at the home of the bride, on Shannon.

Death of a Native of Mason.

The death is announced at Lexington, Mo., of Colonel John Reed, a native of Washington, this county. Colonel Reed was a prominent citizen and banker of Lexington, where he had lived for many years, having moved from this county some time in the 50's. He was a son of Judge Walker Reed, so well and favorably known here as a lawyer, judge and farmer, and was a brother-in-law of the late John D. Taylor, of this city.

Circuit Court Doings.

Andy Craig and Frank Landgraf, charged with grand larceny, were tried and found not guilty.

The grand jury finished the work before it yesterday and was discharged for the term. Not a single indictment was found. Following is the final report:

We, the grand jury empaneled for the present July term, 1890, beg leave to make the following report: That we have diligently inquired into and investigated all infractions of the law of which we had any knowledge, or have received information. We have examined the public buildings and find them in good condition, and, having finished our labors, ask to be discharged. Respectfully submitted. DAN PERRINE, Foreman.

This speaks well for the peace and good order of the county.

The case against Deputy Marshal Bland for killing Thomas Hughes, colored, was dismissed after a full investigation. Likewise the case against Charles Kearns, who was charged with breaking into the C. and O. depot at Springdale.

That Score.

Editor Bulletin: I see the Blue Grass papers claim the score stood 6 to 4 in favor of Paris at Frankfort Sunday. As I was one of the umpires, I will state that the score was 4 to 2 in favor of Maysville. All other reports are without foundation. TOM HEFLIN, Manager Maysville Base Ball Club.

The Courier-Journal pays a handsome and deserved compliment to a brother of Mr. T. Y. Nesbitt and Mrs. Samuel M. Hall, of this city. It says: "The Democrats of both and Rowan have done themselves credit in selecting Hon. J. J. Nesbitt as their candidate for Delegate to the Constitutional convention. It now behooves them to put aside party jealousies and work for the nominee in perfect harmony and with a firm-set determination for a great victory in August. A cleaner, better, brighter and honest man than Jim Nesbitt is not to be found in that section of Kentucky. Two years ago he was in the Legislature, and the record he made was a splendid one. He is a lawyer, a scholar and a credit to his community."

A BLACKSMITH SAVES THE LIFE OF A LITTLE GIRL.—Minnie Carney was perhaps as near leaving this world as anyone can be to recover. She was sick with cholera morbus, completely exhausted and unconscious. The physicians in consultation decided the case was hopeless and beyond their control. Chas. J. Newcomb, a blacksmith, walked four miles through the darkness and storm, to get a remedy he had himself used, and which he firmly believed would cure her. That medicine was Chamberlain's Colic, Cholera and Diarrhea Remedy. He obtained part of a bottle, with which he hastily returned, and gave the little sufferer a half teaspoonful, which relieved her and consciousness gradually returned. The medicine was given in broken doses, and in a short time she was well. He is positive that it saved her life, and has others in that vicinity. For sale by Power & Reynolds.

MINER'S MAXIMS.

A Shoe May Be Either a Palace or a Prison.

Prison shoes are plenty; shoes we mean that close up like a prison on the poor, fettered foot and leave it marked like a prisoner by the bonds it has borne. A prison is still a prison, no matter how fine the architecture. A prison shoe may be ever so pretty outside, but inside it is a gloomy cell, a dungeon. A prison shoe is a poorly made article—made to sell but not to satisfy.

Palace shoes are shoes that are good outside and in; good to look at and good to wear. They are well made, skillfully finished. They are shoes that you hate to lay by, even when past service. They combine in perfection the elements of use and beauty. They are thoroughly good shoes. That's the kind WE sell. Do you wear them? We have been 58 YEARS SELLING GOOD SHOES.

River Improvements.

Interesting Report Submitted to the Secretary of War.

WORK DONE AT LOUISVILLE.

The Amounts Expended During the Past Year, With an Estimate of What is Needed to Complete the Work—The Amounts Needed for Improvements in Other Rivers—Other Washington News.

WASHINGTON, July 17.—Maj. Edward Maguire, corps of engineers, has submitted to the secretary of war his report on the operations of the improvement of the falls of the Ohio river at Louisville, Ky. The work during the year has been carried on under two divisions, the enlargement of the upper portion of Louisville and Portland canal and the enlargement of the canal basin.

In regard to the work of enlarging the basin of the canal, Maj. Maguire says that the work was carried on by day labor. Work for the season commenced on July 27, and continued until Nov. 13, when high water caused a suspension of the work. Very little work has been done near the dry dock since Nov. 13, 1889.

The money available for this work July 1, 1889, amounted to \$241,438; amount expended during fiscal year ended July 1, 1890, \$79,824. Balance available July 1, 1890, \$161,614. Amount estimated required for completion of existing project, \$649,245.

Capt. W. S. Marshall has submitted his report in regard to improvement of Chicago harbor and vicinity. His estimates for amounts that can be profitably expended during the fiscal year ending June 30, 1892, are as follows: Chicago harbor \$172,000. The largest part of this will be expended in replacing in a permanent manner the superstructure over main pier at the entrance of the Chicago river.

Calumet harbor, \$47,000, which will be used in dredging channel and rebuilding superstructure over 800 lineal feet of each pier.

For the improvement of the Illinois river, he estimates that \$412,500 will be required for completion of work projected. Calumet river, the amount that can be profitably expended during the fiscal year is \$300,000. No further appropriation is required for location of Illinois and Mississippi canal, the small balance on hand being sufficient.

Col. O. M. Poe has made his report on the improvement of St. Mary's river, Michigan. The improvement projected was to obtain a sixteen-foot channel between Lakes Superior and Huron, and has been completed at a cost of \$2,404,124.

Senate and House Proceedings.

WASHINGTON, July 17.—The senate yesterday, after transacting some routine business, went into executive session and confirmed the nominations of the five general appraisers whose names were sent in some days ago. The senate then resumed consideration of the sundry civil appropriation bill, and after a long debate over a proposed amendment, increasing appropriations for topographic surveys and repealing the irrigable lands reservoir law of June, 1888, without action on the amendment adjourned.

The house spent part of the day's session discussing the land grant forfeiture bill; but this measure was laid aside without action to consider a conference report in a western river bridge bill. Lack of a quorum and a call of the house took up the time until 7 p. m., when, with 139 members present and voting, the motion to adjourn was carried.

Important Postal Measure.

WASHINGTON, July 17.—Mr. Sawyer introduced in the senate yesterday a bill prepared by the postmaster general to carry out his ideas for the establishment of a limited post and telegraph service. The bill authorizes the postmaster general to invite proposals for a ten-year contract for the transmission of postal telegrams at specified rates, which are for twenty words or less within a state or between stations not less than 300 miles apart, fifteen cents; between stations not less than 300 miles apart east of and including Wisconsin, Illinois, Kentucky, Tennessee, and Mississippi, twenty-five cents. West of these states twenty-five cents, etc. Telegrams are to be transmitted in order of filing, except that priority is to be given government telegrams.

Work for the Attorney General.

WASHINGTON, July 17.—Attorney General Miller was at the census office yesterday, and had a conference with Superintendent Porter relative to the alleged fraudulent census returns from the cities of St. Paul and Minneapolis. Attorney General Miller, it is said, announced his intention of prosecuting with vigor all those who had a hand in the attempt made to falsify the returns from those cities.

Chicago's Population.

WASHINGTON, July 17.—Superintendent Porter yesterday received from Supervisor Gilbert the final figures of the population of Chicago, which place the population of that city at 1,101,263. In 1880 the official count showed a population of 503,185 in Chicago.

A Judge Will Resign.

WASHINGTON, July 17.—Judge M. V. Montgomery, of Michigan, a justice on the bench of the District of Columbia, has announced his intention of resigning to engage in the practice of law, in his native state.

Assistant Secretary of the Navy.

WASHINGTON, July 17.—Professor James R. Soley has been appointed assistant secretary of the navy.

Brakeman Badly Mangled.

RUSHVILLE, Ind., July 17.—Robert Watson, whose home is at Louisville, and who is a brakeman on the C. & I. road, met with an accident while making a running switch at this place, which may cost him his life. His right leg was badly lacerated and crushed, and will, if he survives the shock, have to be amputated. He is badly bruised and wounded.

FRUIT DISTILLER IN TROUBLE.

An Indiana Man Arrested for Defrauding the Government.

NEW ALBANY, Ind., July 17.—Some days ago John Platt, traveling deputy collector for the New Albany division of the seventh internal revenue district, suspected that Adam Bach, a Harrison county fruit distiller, had been defrauding the government of her just dues and had been disposing of fruit brandies upon which he had not paid the tax exacted.

A shrewd strategist Mr. Platt ascertained that Bach had, in addition to his public cellar, which was open to the inspection of the government officials, an underground vault, which was so deftly concealed that detection appeared to be impossible. Mr. Platt gained access to the vault and found concealed therein a number of barrels of apple brandy on which no tax had been paid.

He at once notified the authorities, and revenue agents, Somerville, Lable and Kingsley, were sent to New Albany from Cincinnati, with instructions to seize the illicitly-distilled liquor, the stills and other paraphernalia of the establishment. The seizure was made yesterday morning at the distillery, which is located in the rugged hills of Harrison county, three miles from Louisville and eighteen miles from New Albany.

The stills, illicit liquor, etc., were brought to New Albany and placed in the vaults under the Federal building. Bach will be called on to explain his actions in the affair in the Federal court, and has already secured counsel to defend himself. He has been a distiller of fruit brandies for about twenty-five years, and until now has enjoyed the respect of all the internal revenue agents with whom he had been brought in contact.

Oil Cars Burned.

CINCINNATI, July 17.—A freight car loaded with seventy-five barrels of coal oil standing in the Big Four yards, at Wood and Third street, ignited from a spark from a passing engine at 1 p. m. The car and contents were completely destroyed, also an empty freight car and two switchmen's shanties. The third street bridge ignited, but the flames were put out before much headway was made. The oil car had been standing in the yards untouched for several days, on account of the freight-handlers' strike.

Hole Torn in a Boy's Skull.

NEW CASTLE, Ind., July 17.—John Winings, a 15-year-old boy living in the eastern part of this city, attended the sham battle on the Fourth and became imbued with a warlike spirit, which broke out yesterday when he went into sham-battle business on his own account, using a piece of gas-pipe for a cannon. Of course it exploded, and the boy has a hole in his skull an inch in diameter.
